EPA EMISSIONS ENGINE WARRANTY (engines only)

Entire Product: 5 Years/3000 Hours.

Includes all parts, labor and diagnosis. Cannot be denied strictly on the basis of no Maintenance History, however we strongly suggesting keeping all maintenance records for Factory warranty needs.

Each Engine OEM has specific items covered by their own EPA Emissions Warranty - Please consult the supplied EPA Warranty Card.

LIGHT LOADING ISSUES

Operational issues and/or parts failures due to Light Loading is NOT a warrantable repair. It is the customer's obligation as the owner of the equipment to properly size the generator to the application, to minimize the light-loading on the muffler/exhaust system. Routine load banking as well as manual regeneration cycles, when called for, should be documented as part of the overall maintenance records.
